Preface

This document explains the procedure of adding Google Drive account to Insite Gold application.

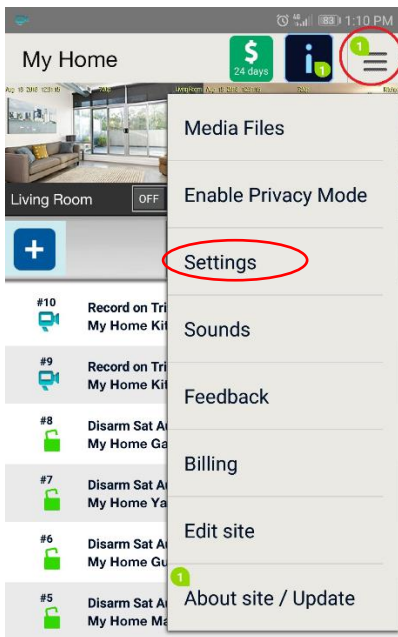

Please follow the below procedure.

Procedure

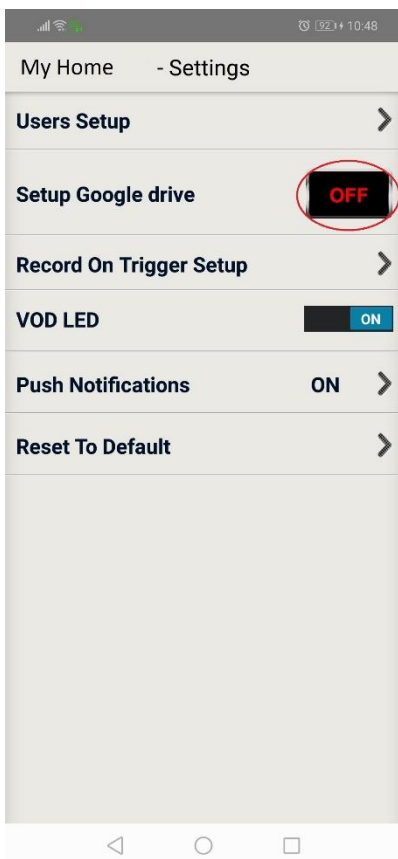

1. Connect to the site and tap on the Video tab. Then tap on the menu icon () in the upper right corner:

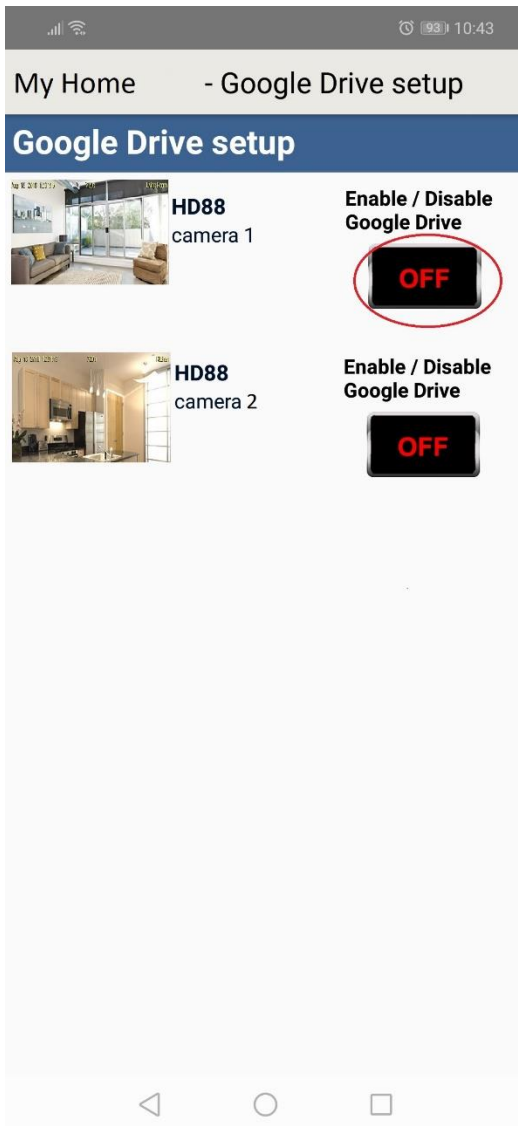

2. Tap Settings from the dropdown menu:

3. Tap on the OFF button near Setup Google Drive:

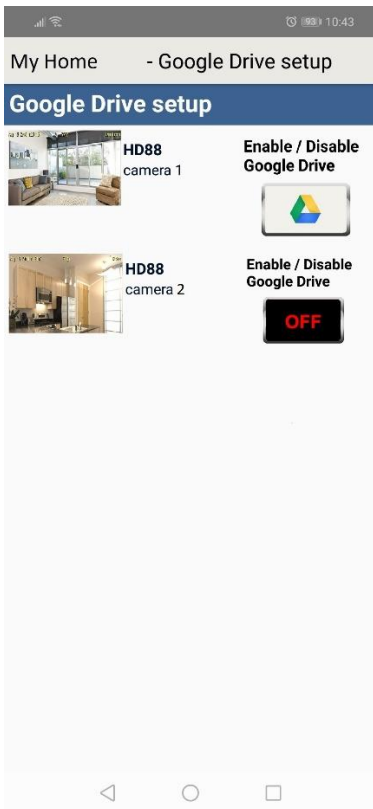

4. Tap on the OFF button in order to configure Google Drive for the selected camera

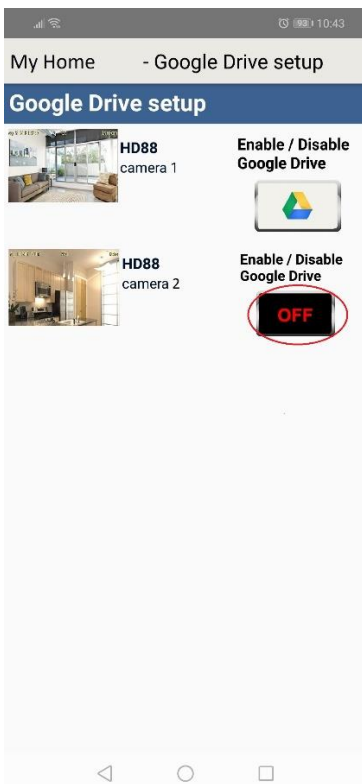

*You will be redirected to accounts.google.com to choose account for Insite Gold app.

5. Choose a Google account and allow Insite Gold to use Google Drive. The app will synchronize with Google Drive after a short waiting time.

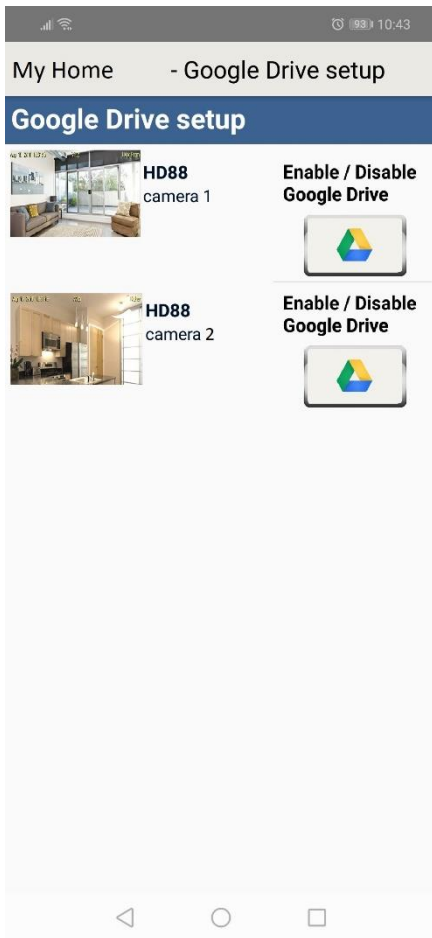

- After synchronizing, a Google Drive icon will appear, confirming that the camera is synced with Google Drive

- Tap on the OFF button of the next camera (if any) in order to configure Google Drive. This procedure has to be done for every camera that you wish to record on Google Drive.

8. When the setup is finished for all cameras, the Google Drive icon will show near each camera:

9. Tap the back button 2 times in order to exit to go back to the Video screen

Note: In order to view the recorded files on Google Drive, select the folder named Insite Gold in My Drive section.
